Item	Passage	Issue	Comments
1.	1 Neph 4:26	First mention of Church ~600BC	Church not established till Pentecost, 50 days after crucifixion
2.	1 Neph 14:3	Hell is eternal	Mormons believe that Hell is not eternal
3.	2 Neph 2:4	Salvation is Free	This is in line with NT – see Eph 2:8,9; but it contradicts Mosiah 5:15 – which depicts that one has to do good works to earn salvation
4.	2 Neph 2:23	If Adam & Eve did not sin they would not have had any children	Contradicts OT. Gen 3:16 states that Eve's conceptions would be increased due to sin, presumably from some number greater than 0.
5.	2 Neph 9:23	Must be baptized to be saved	NT indicates that only non-belief in Jesus Christ condemns someone to Hell (Rom 10:9-10)
6.	2 Neph 25:19	First mention of Jesus Christ ~about 550BC –	This is unprecedented in the OT except for Cyrus being mentioned in Isaiah 44-45, 150 years before he's born and talked about in Daniel 6 & 10. In OT, Jesus is mentioned not by name but by titles: King of Kings, Lord of Lords, Prince of Peace, etc., else every Jewish mother would name one of their boys Jesus Christ. This leads credence to the supposition that the Book of Mormon is written well after-the-fact.
7.	2 Nephi 26:33	Salvation for all	
8.	2 Nephi 29:9 Mormon 9:9,19	God is the same yesterday, today, forever; and changes not	Denies that God was as man is. God, therefore has not progressed from a human state to God-hood. This is more in line with OT/NT teachings and not Mormon doctrine (“as man now is, God once was, as God now is, man may become.”)
9.	2 Nephi 29: 3, 10-14	The Bible is not enough. God will continue his revelations to all nations with different books.	
10.	2 Nephi 31:13	...then cometh the baptism of fire and of the HS; and then can ye speak with the tongue of angels...	
11.	2 Nephi 31:21 also see 3 Nephi 9:15; 11:27,36; Mormon 7:7	...doctrine of the Father, and of the Son, and of the Holy Ghost, which is one God, without end	Trinity concept
12.	Jacob 1: 8	The cross of JC mentioned 400 years BC	
13.	Jacob 2:24; 3:5	Polygamy is condemned	Mormons upheld this teaching last century, but have changed their stance, though some sects still hold to this tenet
14.	Jacob 3:8	The whiter the better (less sin)	Racist remark
15.	Omni 1:25 ~200BC Alma 9:21	First mention of Tongues & Interpretation of Tongues	Tongues aren't given till the Holy Spirit is given to the Church at Pentecost, 50 days after the Lord's crucifixion. see Mark 16 and Acts 2
16.	Mosiah 2:32-39 & Mosiah 5:11	You can lose your salvation	Contradicts NT (John 10:28-29)
17.	Mosiah 5:15	Salvation is based on good works	Contradicts NT (Eph 2:8,9); Contradicts 2 Neph 2:4
18.	Mosiah 15:24	God the Father is the same as God the Son	Contradicts Mormon teaching that Jesus is the brother of Lucifer and a totally different God
19.	Mosiah 4:16-18	Give to the poor or go to Hell	Contradicts NT (2 Thes 3:10)
20.	Alma 3:6-14	Lamanites cursed with dark skin. People commanded not to inter-breed with them	Racist remark. I believe that only whites were initially allowed into the Mormon church

30.	Alma 39:5,6	Unpardonable sin against the HS – denying Him

Smith was unaware of the fall of Zion when he gave his 'revelation.' Christian Apologetics, pg 375
71.	Other docs	JS is known to have used a stone in a hat over his face when translating the Book of Mormon. JS also used a divining stone, and he carried an occult Jupiter Talisman around his neck. ## Other interesting Mormon Issues that cannot be easily explained away

- 1- On Sunday November 28th Joseph Smith stated: "I told the brethren that *the Book of Mormon was the most correct of any book on earth*, and the keystone of our religion, and a man would get nearer to God by abiding by its precepts, than by any other book."  
In Doctrine and Covenants Section 20 verses 8 and 9 it states: "And gave him power from on high, by the means which were before prepared, to translate the *Book of Mormon*; which *contains* a record of a fallen people, and *the fullness of the gospel of Jesus Christ* to the Gentile and to the Jews also;"  
So in light of those two statements why are the following doctrines **not** found in the Book of Mormon?
  - Baptisms, washing and anointings, endowments and sealings for the dead, in other words, a second chance for salvation.
  - Genealogy work
  - God has a body of flesh and bones.
  - God is a product of eternal progression.
  - God is an exalted man.
  - Marriage for eternity / Celestial Marriage
  - Men can become gods.
  - New Testament era "Aaronic Priesthood" with the offices of Deacon, Teacher and Priest.
  - New Testament era "Melchizedek Priesthood" with offices of Elder, Seventy (which has been discontinued in Stakes now) and High Priests.
  - Polygamy is acceptable to God. See Jacob 2:24-33. Compare D&C Section 132.
  - Pre-existing spirits of men.
  - Temple Endowment
  - The whole Plan of Eternal Progression.
  - There is no eternal hell and punishment.
  - Three degrees of glory / Three Kingdoms of Heaven
  - We have a Heavenly Mother as well as Heavenly Father
- 2- Why has the Mormon Church made over 4,000 changes in the Book of Mormon?
- 3- The French language was developed from Celtic and Latin at about 800 A.D. How does the Mormon Church account for the word "adieu" being found in the Book of Mormon?
- 4- Why is the Mormon Temple ceremony so similar to the Masonic ceremony?
- 5- The 13th Article of Faith states: "We believe in being honest, true, chaste, benevolent, virtuous, and in doing good to all men;..." Why don't the Mormon missionaries explain the real reason they are out trying to convert people? Such as; all other churches are wrong and apostate; and salvation only comes through the Mormon Church; and husbands and wives can become gods and goddesses?
- 6- **Language:** 1 Ne. 1:2, etc., states that Hebrews who left Jerusalem and came to the Americas spoke Egyptian. It is a known fact that Hebrews spoke Hebrew, and their records were kept in Hebrew. Egyptians were their enemies. It is absurd to think that Hebrews would have written their sacred history in Egyptian as to think that American History would have been written in Russian. In Mormon 9:32, 34, it is stated that the language was "reformed Egyptian" and that no other people knew their language. There is no known language called "reformed Egyptian."
- 7- **Desert Fruit:** 1 Ne. 17:5 talks about ample fruit and wild honey being products of Sinai desert (called Bountiful). Not possible!
- 8- **Desert Timber:** 1 Ne. 18:1 talks about ample timber that these Jews used to build a ship. There is not ample timber in that area. It was a desert. It still is a desert.
- 9- **Laman River:** 1 Ne. 2:6-9 mentions a river named Laman that flows into the Red Sea. There is no river there and has not been since the Pleistocene era.
- 10- **Botanical Problems** are many in the Book of Mormon. Wheat, barley, olives, etc., are mentioned, but none of these were in the Americas at that time.
- 11- **Animals:** North America had no cows, asses, horses, oxen, etc. Europeans brought them hundreds and hundreds of years later. North America had no lions, leopards, nor sheep at that time. Honey bees were brought here by Europeans much later. Ether 9:18, 19, lists domestic cattle, cows, and oxen as separate species! They did not even exist in the

Americas at that time. The Book of Mormon also mentions swine as being useful to man. Maybe, but Jews would not think of swine as being useful or good; swine were forbidden, unclean animals to them. Horses, asses, and elephants were not in the Americas either. And what on earth are "cureloms" and "cumoms"? No such animals have ever been identified anywhere. Domestic animals that are thought to be "useful" would hardly become extinct. Ether 9:30-34 talks about poisonous snakes driving sheep to the *south*. The Book of Mormon states that the people ate the snake-killed animals, all of them! (v. 34). Hebrews would not have eaten animals that were killed that way. Chickens and dogs did not exist here at that time either. Butter is also mentioned, but it could not possibly exist, since no milk-producing animals were found in the Americas at that time.

- 12- **Clothing Material:** No silk and wool clothing (nor moths) existed at that time either, contrary to 1 Ne. 13:7; Alma 4:6; Ether 9:17 and 10:24.
- 13- **Beheaded Shiz:** Ether 15:30-31 says that after Shiz was beheaded, he raised up and struggled for breath!
- 14- **Miscalculations:** In Ether, chapter 6, we learn that furious winds propelled the barges to the promised land for 344 days! Even if the winds were not "furious" but, for example, blew only 10 miles per hour, the distance traveled in 344 days would have been 82,560 miles, or more than three times around the world. Absurdity, to say the least! And why would the Lord instruct Jared to make a hole on top and bottom of each barge? (Ether 2:20).
- 15- **Population:** When Lehi left Jerusalem, according to the Book of Mormon, his group consisted of fewer than 20 people. Yet 19 years later the people had so prospered and multiplied in the Promised Land that they built a temple of which the "manner of construction was like unto the temple of Solomon: and the workmanship thereof was exceeding fine" (2. Ne. 5:16). Looking at what the Bible says about the construction of Solomon's temple, we find that it took 30,000 Israelites, 150,000 hewers of stone and carriers, 3,300 supervisors (I Kings 5:13-16) and about seven years to build it (See also I Kings 6). And how many people could Lehi have had in his group after 19 years? The book further tells that in less than 30 years after arriving on this continent, they had multiplied so rapidly that they even divided into two nations. Even the most rapid human reproduction could only have resulted in a few dozen in that brief time, and most of them still would be infants and children and about one-third older people. Not only did they divide into two nations, but throughout the book, about every few years, they had devastating wars that killed thousands (i.e., Alma 28:2).
- 16- **Skin Color:** Beginning after the first 19 years or so, Laman and Lemuel and their descendants and followers (!) turned dark skinned because of their disobedience (2 Ne. 5:21). According to the Book of Mormon, dark skin color was a curse from God! This change of skin color takes place throughout the book. In 2 Ne. 30:6 we read that if Lamanites accepted the true gospel, they became "white and delightsome" (and since the 1981 printing of the Book of Mormon, they became "pure and delightsome.") But if they left this true gospel, they became "dark and loathsome." People's skin color does not change if they believe or do not believe! Nor is the skin color a curse! The Book of Mormon teaches that Indians originated from these Jewish settlers. Indians are distinctly Mongoloid. They have the "Mongoloid" blue spot, specific blood traits, and their facial features are of typical Asian origin, not Semitic at all. Current DNA evidence has confirmed this as well.
- 17- **Questionable Materials for This Time Period** In Ether 7:8-9, we read of steel and breakable windows (2:23) in Abraham's time! Try to explain that to an archaeologist. Steel was not even developed until about 1400 years later.
- 18- **The Book of Abraham.** Mormons claim that while Abraham was in Egypt he wrote *The Book of Abraham*, one of the Mormon sacred scriptures, which had been lost until it fell into the hands of Joseph Smith in 1835. After Smith allegedly translated the papyrus into English, it passed through several hands before landing at the New York Metropolitan Museum of Art. Egyptologists immediately identified it as a portion of the *Egyptian Book of the Dead*, dealing with funeral customs and worship of the various Egyptian gods. Smith's identification of the manuscript and his translation were completely wrong. To this day Mormons refuse to accept the scholarly evaluation and cling to Smith's erroneous claims.
